

# e-Auction Registration Instruction

- 1) Open website in any browser.
- 2) Website name is <https://e-auction.nprocure.com>
- 3) In Left side see below Important Links -> Download -> nCodePKIComponent 64 Bit / nCodePKIComponent 32 Bit. Install the appropriate component from the link based on your system's 64-bit or 32-bit configuration.
- 3) There are multiple Departments/ Auctioneers, but some of the Departments/ Auctioneers are DSC base and some have OTP (One Time Password) base. According to that vendor had to register. But for registration **select only one Department/ Auctioneer only & not multiple** for registration.
- 4) While registration User Name/Id policy
  - Use any character, number and special character except “#” and space (Don't use hash sigh “#” and space).
- 5) Password policy
  - Use lower or upper case (a-z or A-Z)
  - Use number between (0-9)
  - Use any special character except “#” (Don't use hash sigh “#”).
- 6) Upload the documents which Department/ Auctioneers want according to. And wait for the confirmation from the Department/ Auctioneers side. And once get activation from Department/ Auctioneers you can participate for any auction i.e. forward/reverse auction.
- 7) In Forward auction vendor/supplier will increase the rate & in reverse auction vice versa.
- 8) Vendors cannot participate in the auction without paying the Tender Fee and EMD, and uploading the required Technical Documents.
- 9) The winning vendor can view the Winner Report either from the 'Completed' section or by navigating to Reports → Detail Reports.

 The eAuction is a PKI-enabled engine that uses Digital Signature Certificates to secure your transactions (bids) over the Internet. To carry out data privacy and integrity, the engine requires following prerequisites:

- 1. PKI Component Library to be installed on your machine. This page will automatically download the library for you. In case of trouble downloading, please manually download and install the library. [Download PKI Component library](#)
- 2. A valid class 3 digital signature certificate to be procured by bidders. A Digital certificate is required to procure the digital signature certificate. Please visit the [FAQ](#) section for more information.
