CIRCULAR

Subject: Plinth level Self Certification and Building Completion / Building Utilization Self Certification

Read: circular No. GIDC / O&M / CIR / ENG / HQ / 34/ 99 dated 25/06/ 1999

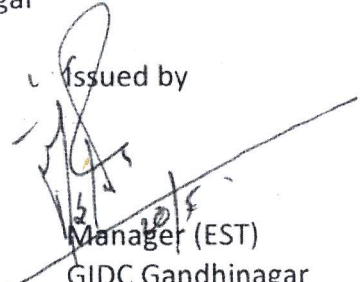

GIDC had issued circular under reference for checks of building construction at two stages on plots and sheds and issuing plinth check certificate and building completion certificates in an effort for prevention of unauthorized building construction activities. In the said circular Plinth Check Certificate and Building Completion Certificate / Building Utilization Certificate were prescribed and the allottees were requested to seek Plinth Check Certificate and Building Completion Certificate / Building Utilization Certificates. After receiving the application, the Executive Engineer was issuing Plinth Check Certificate and Building Completion Certificate / Building Utilization Certificate after verification by concerned Deputy Executive Engineer.

Under the Ease of Doing Business, it is suggested for plinth level Self Certification and Building Completion / Building Utilization Self Certification is introduced, so that the allottee and the Architect would certify the construction carried out by the allottee with respect to approved plan.

The allottee can log on the GIDC website www.gidc.gov.in and allottee and his Architect will fill in the construction details and certify themselves. If any wrong details is found by GIDC, the Architect will be black listed for three years.
